EDUCATION

Deva Matha Central School. Hormavu, Banaswadi, Bengaluru —

Secondary education

10th Board Exam - 95.4%

New Baldwin International School —

Higher-secondary education

12th Board Exam - 91.6%

New Horizon College of Engineering —

Expected Graduation - 2029

GPA - 9.5 (Sem I)

SKILLS

Languages :

- Python
- JavaScript
- C

Frameworks :

- React
- FastAPI

Tools :

- Github

PROJECTS

[AgriMind](#) (in progress) -

Built an app that takes location and crop inputs to generate farming advice based on API-fetched weather data.

Upcoming features include RAG-based crop science and market intelligence analysis to improve and personalize recommendations.

Stack -

React • Vite • FastAPI • Python • Google Gemini API • OpenWeather API • Git/GitHub

[Fact-Checker](#) -

A small project that offers an interface for users to verify facts, to the extent of the cloud console model's capabilities.

Stack -

Flask • Python • HTML • fact-checking model from GCC
